Richard Pio Roda  
Martin Vitz

Dear Friends of the San Leandro Scholarship Foundation,

After much thoughtful consideration of the health and welfare of all of our supporters, we would like to inform you that the 2020 San Leandro Scholarship Foundation Annual Dinner and Auction has been cancelled.

Due to the uncertainty of numerous directives issued by the California Governor's Office and the Alameda County Public Health Department, we are not going to reschedule this event during this calendar year.

We greatly appreciate all of your generosity in years past and look forward to your continued support. As you may be aware, the Scholarship Dinner was our premiere fundraising event. This allowed us to provide numerous scholarships to the graduating seniors in our community.

Although the cancellation of this dinner is beyond our control we hope it does not dissuade you from donating to our organization for this year's graduating seniors!

We are enclosing an envelope with this letter in hope that we can rely on your generosity once again during this difficult time so that we can award scholarships to our hard-working senior class. For many of our students, this is their only source of assistance to go to school beyond graduation. In order to estimate the number of scholarships available for this year's class, we request all donations to be submitted by May 1, 2020. You may also make your contribution online at [sanleandrosf.com](http://sanleandrosf.com)

Please share this information with your friends and family. We'd like to make this an extra special year for the graduates, given all that they are missing this spring by being away from their classes and friends.

Warmest Regards,

Tina Naito, President  
The San Leandro Scholarship Foundation
